THE MINDSET

Coffee with Crystal: Faith and Safe Don't Go Together

You've prayed for a new opportunity, a different environment, or a bigger assignment; then hesitated when it meant leaving the familiar.

But familiar doesn't always mean you're meant to stay. Sometimes we keep seeking confirmation because we want the next step to feel comfortable.

Could the opportunity you're questioning be the answer to the very prayer you've been praying?

READY REFLECTION

What have you been praying for and what familiar thing might you need to release to move toward it?

THE STRATEGY | Everyone Can't Be Attached to Your Vision

Protect your vision by being intentional about what you share, when you share it, and whose advice you trust.

1. **DECIDE:** Identify who offers wisdom, support, and accountability.
2. **DECLARE:** Value relationships without sharing every detail or decision.
3. **DO:** Let your vision grow through consistent action, not constant approval.
